PhD in *Machine Learning*; MSc in *Applied Physics and Mathematics*. Passionate about machine learning and deep learning, from simpler statistical models to deep generative models and self-supervised learning.

Education

- **Technical University of Denmark (DTU)** — **Copenhagen, Denmark**
  PhD Student — *January 2019–December 2021*
  Researching Deep Generative Models with Prof. Ole Winther.
- **University of Amsterdam (UvA)** — **Amsterdam, Netherlands**
  Visiting PhD Student — *January 2020–June 2020*
  Visiting AMLAB, working with Prof. Max Welling.
- **Norwegian University of Science and Technology (NTNU)** — **Trondheim, Norway**
  MSc Applied Physics and Mathematics, Average Grade: A — *August 2011–December 2016*
  Main profile: Industrial Mathematics. Specialization: Statistics.
- **National University of Singapore (NUS)** — **Singapore, Singapore**
  Exchange Student, Average Grade: A- — *January 2015–May 2015*

Employment

- **twig.energy** — **Copenhagen, Denmark (remote)**
  Staff Machine Learning Engineer — *May 2023–*
  - Developing machine learning models for trading in power markets.
- **Norwegian Computing Center** — **Oslo, Norway**
  Researcher — *January 2022–May 2023*
  - Developing machine learning methodology to solve problems for industrial partners.
- **raffle.ai** — **Copenhagen, Denmark**
  Research Assistant — *September 2018–December 2018*
  - Developing enterprise search using *natural language processing* and *deep learning*.
- **Center for Advanced Intelligence Project (AIP), RIKEN** — **Tokyo, Japan**
  Research Assistant — *March 2017–August 2018*
  - Working with Mohammad Emtiyaz Khan in the Approximate Bayesian Inference (ABI) team.
  - Conducting research with a focus on *variational inference* and *Bayesian neural networks*.
- **Norwegian Computing Center** — **Oslo, Norway**
  Summer Intern — *June 2016–July 2016*
  - Working on a research project on fraud detection in the insurance industry.
- **Norsk Hydro** — **Oslo, Norway**
  Summer Intern — *June 2015–August 2015*
  - Developing trading strategies for energy markets using machine learning.
- **If P&C Insurance** — **Oslo, Norway**
  Summer Intern — *June 2014–August 2014*
  - Analysis of trends in insurance claims and the effects of a marketing campaign.

Teaching & Invited Talks

- **Probabilistic AI Summer School** — **Helsinki, Finland**
  Invited Lecture on Normalizing Flows — *June 2022*
- **Visual Intelligence Seminar Series** — **Oslo, Norway**
  Invited Talk on Normalizing Flows and Diffusion Models — *October 2021*
- **Probabilistic AI Summer School** — **Trondheim, Norway**
  Invited Lecture on Normalizing Flows — *June 2021*
- **MLLS Seminar** — **Copenhagen, Denmark**
  Invited Talk on Normalizing Flows — *April 2021*
- **AMLAB Seminar** — **Amsterdam, Netherlands**
  Invited Talk on SurVAE Flows — *September 2020*
- **Technical University of Denmark** — **Copenhagen, Denmark**
  Teaching Assistant in the Deep Learning course 2019 & 2020 — *September 2019–December 2020*
- **Data Science Summer School** — **Paris, France**
  Teaching Assistant in two-day tutorial on Approximate Bayesian Inference — *June 2018*
- **Works Applications** — **Tokyo, Japan**
  Invited Talk on Bayesian Deep Learning — *May 2018*
- **Norwegian University of Science and Technology** — **Tronhdeim, Norway**
  Teaching Assistant in 7 courses on statistics, calculus, finance and fluid mechanics — *January 2013–December 2016*

Service

- **Machine Learning Conferences** — **Online**
  Reviewer — *June 2019–*

  I served as a reviewer for *JMLR*; *IEEE*; *NeurIPS* (2019, 2020, 2021); *ICML* (2020, 2021); *AISTATS* (2021).
- **Hans Majestet Kongens Garde** — **Oslo, Norway**
  Guard Soldier — *July 2010–July 2011*

  Compulsory military service. I served one year as a guard soldier in the Royal Guard.
